

[Pre-lecture assignment]

1. Take the 14-minute video on delay, loss, and throughput from the author!:

<https://www.youtube.com/watch?v=hm1y4LsphQQ>

(We usually do a Korean lecture video, but unfortunately, this part is missing in KOCW)

2. Read Chapter 1.4.1 “Overview of Delay in Packet-Switch Networks” (pages 65-69), and Chapter 1.4.4 “Throughput in Computer Networks” (pages 73-76).

* No submissions. However, these contents may appear in your next quiz.
